

LIGHTNING KILLS FRANK DARNELL

**Bolt Brings Instant Death to Man
as He Labors in Barren Field
Next His Home.**

HIS BODY IS FOUND BY SON

**Who is Sent Out With Rain Coat by
His Mother—No Bones
Broken.**

While working in a small field adjoining his home, Frank Darnell, age forty-seven years, was struck by a bolt of lightning and instantly killed last evening between five and six o'clock. Mr. Darnell lived a short distance southwest of the city near the old brick yard.

It was the first thunder storm of the year here that cost a life. Darnell had been working in the field near his house all afternoon, and when the rain began to fall about five o'clock, not heeding, he continued at his task.

Mrs. Darnell noticed that the rain was falling fast and expressed some concern for her husband. One of her children looked out the window and said he was still at work. After the lightning had flashed two or three times, and the rain began to fall in torrents, Mrs. Darnell sent her son to the field with a rain coat, and sent a message to her husband that he come into the house at once.

The son went to the place where he had seen his father working and found him prone upon the ground. The boy was panic stricken, and thinking his father was badly injured when he would not reply to questions, rushed back to the house. Other members of the family were summoned, and it was found that he was dead.

A member of the family hurried to this city to notify the coroner. They left the body lying out in the storm, fearing that it would be a violation of the law to move it before the coroner arrived. Dr. Lowell M. Green was communicated with, and he told members of the household to carry the body to the house.

Coroner A. G. Shauck arrived from his home in Arlington later in the evening, and during the examination he found that not a bone in Mr. Darnell's body had been broken. A slit of two inches wide was torn out of the left arctic overshoe, the full length of the shoe, where the lightning had passed out of his body and into the ground. The right arctic shoe was torn into small bits.

Coroner A. G. Shauck says that Mr. Darnell attracted lightning because he had been working in the rain long enough for his clothes to become soaked with water, and he held a steel hand saw. These things, and the fact that he was in an open field, were given as reasons by the coroner for the lightning striking him.

Darnell was a native of Kentucky and has not lived in Rushville township many years. He lost a child last summer, and only last Saturday Mrs. Darnell gave birth to an infant. She suffered a severe shock.

The first thunder storm of the season was especially severe. One bolt of lightning seemed to Rushville people to have struck something in this vicinity, and it is believed that it was this one which caused Darnell's death.

Mr. Darnell is survived by a widow, a son, Glass, and an infant daughter. He was a member of the Main Street Christian church and served as member of the official board of the church at the time of his demise. He was superintendent

IDENTIFIED BY A LETTER

**Missive From His Sweetheart Makes
Known Alvin Keefer's Identity.**

A letter from Miss Myrtle Young of Dunreith caused Alvin Keefer, whose dead body with the head and one leg severed, was found in Connersville yesterday, to be identified. The general tone of the missive indicated that they were sweethearts. Keefer's body was found along the railroad track, and was apparent that he had met his death while attempting to board a train for his home. He had been attempting to find work in Connersville the day before.

SHERIFF TAKES FLOYD TO PRISON

**Confessed Thief Begins Term of
From One to Fourteen Years in
Jeffersonville.**

HIS BROTHER RESPONSIBLE

Fred Floyd, colored, who was sentenced yesterday to serve from one to fourteen years in the reformatory at Jeffersonville for grand larceny, was taken there this morning by Sheriff Bebout. Floyd was charged with taking a suit case, the property of Miss Olive Traylor and in a statement to Judge Megee he admitted stealing it and selling the contents. Floyd owes his imprisonment to his brother, Richard Floyd, who left this city suddenly early Sunday morning. When he disappeared Mrs. Jane Overton caused the arrest of his brother by telling the police of the suit case. Fred Floyd stated yesterday that his brother told him last Wednesday that he was going to Portsmouth, Ohio, and in all probability he went there from here. The police believe Fred Floyd was wanted in Indianapolis on some charge and for this reason he was satisfied to plead guilty to the charge against him here.

PACK UP THOSE SUMMER DUDS AGAIN

**Cold Wave is Coming Tonight to
Route This Balmly Wather, The
Forecaster Says.**

SUMMER HEAT REACHED TODAY

Pack your summer duds up again and cancel your order for a spring bonnet, for there's a cold wave coming tonight. Take the weather man's word for it or not; he says it's on the way now.

The weather today hardly suggested a cold wave. The atmosphere was so warm and balmy that men were sorely tempted to don their straw lids, and there was a general casting aside of winter overcoats. The day was more spring like than any that has preceded it this year. The temperature rose to summer heat—seventy degrees—for the first time in 1913. The high wind today was the only thing that was even suggestive of March weather.

The spring weather was preceded by a fierce rain, wind and electrical storm last evening. The rain fell in torrents for a few hours. The storm was general all over the county but little damage was done.

IS BLOODCLOT MURDER INDEX?

**Theory Presented That Nat Minor of
Lewisville May Have Been
Killed.**

ROBBERY MIGHT BE MOTIVE

**Drew Money From Bank Before
Leaving Home Tuesday—Con-
nersville Mystery Cleared.**

Because there was a bloodclot on his brain indicating that the victim might have been struck a heavy blow on the skull, the theory that Nat Minor of Lewisville might have been murdered, with robbery as the motive, has been advanced.

Minor's dead body was found floating in the Indianapolis canal, the head just above the surface of the water, yesterday, and it was soon identified by Ben Caldwell of Irvington, a student in Butler college, who formerly lived in Lewisville. A tightly drawn hand, a deformity of years, made the identification positive.

It was not estimated that Minor's body had been in the water more than six or seven hours. Coroner Durham of Marion county has started an investigation and says he will make a thorough inquiry into the causes and circumstances surrounding the death of the Lewisville man.

Minor was known to have had a sum of money in his possession when he left Lewisville Tuesday. When the Indianapolis police searched his effects yesterday, they found nothing but a deposit slip on the Lewisville bank and a traction conductor's cash fare receipt from Columbus to Jeffersonville.

Minor had been employed for the past seven years on the farm by J. W. Headrick, a wealthy farmer east of Lewisville. About the latter part of January he drew his wages from Headrick, the amount being about \$185, and went to Lewisville, where he deposited practically all of this in the Lewisville bank.

After a month's stay in Lewisville he returned to the Headrick farm, where he worked for two weeks. But last Saturday he again left the farm and came into Lewisville. Tuesday afternoon he took an interurban car for Indianapolis, stating to several bystanders about the station that he was going to the home of his sister, Mrs. W. O. Sweeney, of Jeffersonville. He drew \$50 from the bank before leaving.

The finding of the other body in the canal clears the mystery of the disappearance of Joseph Nelson, which has long worried Connersville people. Mr. Nelson was last seen by relatives December 27, 1912, when he boarded an I. & C. car at Connersville for his home in Indianapolis.

His body had evidently been in the canal many days, as his features were not recognizable. Some mystery is attached to his death. It has not been ascertained what became of his hat and small package he carried, a Christmas present from relatives, when he left Connersville.

TO INCREASE PLANT.

A larger dynamo will be installed in the Milroy electric light plant to supply the increasing demands for current. The plant was started only recently, and the innovation has proved so popular that the plant has to be enlarged this early. Street lights will be installed in the near future.

Unsettled weather with rain turning to snow tonight or Saturday. Much colder. Cold Wave Saturday, south to west gale.

WOMEN THROWN OFF HIGH WAGON

**Members of Sunday School Class
Light on Soft Ground and
Escape Injury.**

EXCEPT FEW SLIGHT BRUISES

**Mrs. Panthea Smiley in Act of Step-
ping Out When Horse
Lurches.**

A soft, muddy field furnished an ideal place else five members of Mrs. John F. Moses' women's class of the First Presbyterian Sunday school might have been seriously or permanently injured yesterday afternoon late, when the horse drawing A. P. Walker's milk wagon lurched forward and hurled the occupants out.

The members of the class were guests at the Walker home yesterday, going to and from the country place on the I. & C. traction line. A field lies between the Walker home and the I. & C. stop where the women had to board the car. Because of the muddy condition of the field, the guests were hauled from the house to the traction stop in the large milk wagon used at the farm for hauling cream to Rushville.

The women riding in the wagon when the accident befell them were Mrs. Panthea Smiley, Mrs. Richard Beale, Mrs. Hugo Schmalzel, Mrs. Jesse Winship and Mrs. White.

Because of the height of the floor of the wagon from the ground, a chair was placed so that it could be used to step to the ground. Mrs. Smiley was making merry, laughing and gesticulating as she, the first one to alight, stepped on to the chair. A C. H. & D. freight train was approaching, and Mrs. Smiley went through motions as if she were flagging it.

Mrs. Smiley waving her hands, the other women laughing and talking, together with the approaching train, excited the horse and it jumped forward just as Mrs. Smiley was stepping from the wagon to the chair.

The sudden lurch threw the four women in the wagon out on their heads and hurled Mrs. Smiley to the ground. Mrs. Smiley was stunned by the fall and for a few minutes was unconscious. She soon regained her senses, however, and today was laughing about the funny mishap.

"It would have been fine for a moving picture," said Mrs. Smiley this morning over the telephone. "All we lacked was Tom Geraghty."

At first it was feared that some of the women had been badly hurt. They were thrown topsy turvy out on to the ground, most of them lighting on their shoulders. The fact that the ground was soft probably saved them from any broken bones. They were all bruised, and suffered a few minor sprains.

Mrs. Smiley apparently was hurt the most. She complained of severe pains in her back, but today she suffered with only a few bruises. One shoulder was slightly sprained and a finger injured.

The boy who was in charge of the horse was helping Mrs. Smiley to the ground and did not have hold of the lines when the frightened animal began to lunge. He managed to get to the horse's head, however, before it broke into a run, and no damage was done to the wagon.

Election.**

The following officers were elected at the annual election of the Rushville Social club last night: John Kiplinger, president; Dr. Lowell M. Green, first vice president; Allan H. Blackledge, second vice-president; Melvin Moor, secretary; Walter Hubbard, treasurer. John Kiplinger succeeds O. M. Dale as president and the other new members of the board are Lowell Green and Walter Hubbard. The five directors are elected and the board names the officers.

CHARITABLE MAN NO. 2 IS WILLING

**He Will Put Up \$100 to Bring Dr.
Friedmann to Middlewest if
No. 1 Will.**

SUGGESTION IS POPULAR ONE

There is another Rushville man who would like to add a hundred dollars to the fund the first charitable man offered to start with a hundred in order to make an effort to bring Dr. F. F. Friedmann, the German physician who startled the world with the assertion that he has a tuberculosis cure, to the middlewest so that he would be accessible to Rush county patients.

Charitable man No. 2 believes it is a very sensible suggestion and he will put up a hundred to start the ball rolling if the first man will back up his offer. No working plans have been suggested yet, but it was said by the first man that some person could be delegated to communicate with the German scientist and see what inducements would be required to get him out this way. It has been stated that a special car might be arranged to take patients to the nearest point where Dr. Friedmann might be for treatment. Much favorable comment concerning the idea has been made.

Mrs. Ida Davis, living west of Orange, is severely ill with gall stones.

WILL STAND BY CIVIL SERVICE

**New Postmaster General Takes Same
View of Situation as Pres-
ident Wilson Does.**

WOULD EXAMINE EVERY MAN

**Indiana Representatives Ask For Re-
cess Appointments of Postmasters
—G. P. Hunt on Waiting List**

Washington dispatches indicate that Postmaster-General Burleson takes the same view of civil service as does President Wilson.

Burleson announced yesterday, dispatches say, that he planned to place all fourth-class postmasters on a civil service basis; that all second and third class postmasters and possibly also first-class postmasters would be in the classified service before he had finished.

As to the fourth-class postmasters, he said that former President Taft had not gone far enough, that he should have taken a step further and instead of transferring the positions originally filled as rewards for political service, to the classified roll, should have required an examination to determine fitness. The postmaster-general said he had not finally decided how he would handle the situation.

The question of patronage in several Democratic states which has brought scores of Democrats to the White House to push the claim of rival candidates has been compromised by a plan worked out by two of President Wilson's close advisers.

According to this plan both the "organization" and "anti-organization" men will be recognized and an attempt will be made to satisfy all. Postmaster-General Burleson and Chairman McCombs, of the national committee, spent several hours in conference over the patronage question and Mr. McCombs saw the President today. Although he would not say he had taken up the patronage question with Mr. Wilson, it was believed his idea of compromise was acceptable to the White House.

The Indiana representatives have asked recess appointments of postmasters be made so that Democrats may succeed at once the postmasters whose commissions have expired. This indicates that G. P. Hunt may soon be appointed to succeed Chas. A. Frazee as postmaster, his term having expired.

Don Casady is opening up a meat market in the Toolen building, corner of Main and First street.

MANY SLAIN IN BORDER BATTLE

Several Americans Among the Wounded.

BULLETS PATTERN OVER LINE

Attack on Nogales, Just Across the Border From the Arizona Town of the Same Name, Involves Americans, a Number of Whom Were Wounded When Mexican Fire Was Turned in This Direction.

Nogales, Ariz., March 14.—During a lull in the attack upon the federal garrison defending Nogales, Sonora, Enrique Obregon, commander of the Sonora rebel troops, said: "We have just been feeling them out; we are going to fight in a little while." Throughout the battle Nogales, Ariz., and Nogales, Sonora, were under rifle fire. The federals defending the Mexican town replied energetically to the rebel fire and managed to hold their positions for several hours, but finally their outposts were forced back.

Throughout the battle bullets fell on the Arizona side of the line and many houses were struck in the Arizona town, and several people were wounded. An American soldier on border guard duty was shot in the stomach.

The dead and wounded on the Mexican side of the line is variously estimated. Over twenty wounded are in the hospital on the Arizona side of the line, almost all of them from the federal command at Nogales. A number of the less badly wounded refused to quit the firing line. The rebels left some dead on the field, but carried most of their wounded back with them when they retired to a greater distance. At that time their commander, Obregon, made the declaration that his main command would soon be brought up for the attack, since he had learned the position of the federals. A few hours later the rebel attack was renewed and the federals were driven back from their outer redoubts. It was stated that the rebels had been reinforced by 200 fresh men and almost a carload of ammunition.

Arizona physicians and others manned automobiles and under the protection of Red Cross flags, made trips back and forth between the fighting line and the hospital of the Arizona town, with the wounded until stopped by the federal authorities. United States Consul Simpich, located in Nogales, Sonora, did not desert his post, but made a trip through the firing line in an effort to incite the rebels to stop their attack.

The commander of the federal garrison would make no concessions, however, and the rebels declared that they meant to have the town. Homes of Americans in this city have been hit by stray bullets and many citizens have had narrow escapes.

The wounding of the American trooper on border guard duty and the receipt of a peremptory demand from Lieutenant Colonel Daniel Tate, Fifth United States cavalry, that the contending factions cease their firing into American territory at once brought the belligerents to time, and shortly thereafter Lieutenant Colonel Emilio Kostelitzky, the Polish commander of rurales, came to the international line with a number of his men and surrendered to the United States troops and gave up their arms. Nogales again was in the hands of the rebels.

Orozco Protests His Loyalty.

Mexico City, March 14.—General Orozco and several of his subordinate officers held conferences separately with President Huerta and the minister of the interior. The conference with Huerta was in the nature of a protestation of loyalty. President Huerta congratulated General Orozco and his officers on their patriotic attitude. The government has received a dispatch saying that the legislative buildings in the state of Hidalgo have been wrecked by dynamite because the people objected to the legislature appointing Rosales, a Maderist, as provisional governor. Several persons were killed and many wounded.

LIVES TO TALK ABOUT IT

This Airman Not Content With the Ordinary Stunts of the Trade.

New York, March 14.—Rodman Law, who has flirted with death so often, tried to qualify as the human sky-rocket yesterday afternoon. He did not do it.

Instead of going up in the air for hundreds of feet just ahead of 900 pounds of powder and then being shot out into space like a spark on Fourth of July night to float down on a parachute while a moving picture machine reeled underneath, the aviator high-jumper simply fell fifty feet. The huge steel rocket that had been constructed for the stunt could not stand the strain and exploded, dumping him out on soft ground, which saved his life.

Headlight Law Constitutional.

Indianapolis, March 14.—The supreme court has affirmed the Marion superior court in refusing to give the Vandalia Railroad company an injunction against the railroad commission to prevent the enforcement of the "headlight law" of 1909. The court said the law is constitutional and enforceable.

SPHINX TURNS OUT TO BE OLD MENES' TOMB

Indiana Man Has Solved the Ancient Puzzle.

London, March 14.—The honor of solving the riddle of the Sphinx belongs to Prof. George Andrew Reisner, a native of Indiana and Egyptologist of Harvard university, according to the Cairo correspondent of the Westminster Gazette.

That journal says that Reisner has succeeded in removing the accumulated sand of sixty centuries from the interior of the head and has gained entrance, through the neck, to a temple that runs the whole length of the gigantic body, measuring 120 feet. In this temple is a pyramid which forms the tomb of Menes, the first Pharaoh, and is supposed to contain his mummified body. These wonderful discoveries, if true, may prove the most valuable yet made. Prof. Reisner was born in Indianapolis in 1867, and has done much Egyptian research.

ORGANIZATION OF SENATE

Upper House Has Elected Officers For Coming Session.

Washington, March 14.—The senate has organized by electing the following officers:

Senator James P. Clark of Arkansas, president pro tem.; James M. Baker of South Carolina, secretary of the senate; Charles Phillips of St. Louis, sergeant-at-arms; Thomas W. Kellar of West Virginia, doorkeeper, and Carl Loeffler of Philadelphia, acting assistant doorkeeper.

Early Announcement Expected.

Washington, March 14.—Democratic leaders in congress expect an early announcement from the Wilson administration as to the nature of the reply it intends to make to the British note protesting against the free admission of American coastwise vessels to the Panama canal, while denying the same privilege to British and other foreign bottoms. This is one of the big international problems that was inherited by President Wilson.

TERSE TELEGRAMS

Several lives were lost and much damage was done by a cyclone which struck Natchitoches parish, Louisiana.

Two sergeants of the French army aviation corps were fatally injured in a collision between two machines in midair.

Sixteen persons were killed by an avalanche which overwhelmed three farms in the Gudbrands valley in southern Norway.

The British naval estimates for 1913-14 amount to \$271,546,500, as against the appropriation of \$225,377,000 for the fiscal year 1912-13.

Chairman William F. McCombs of the Democratic national committee has declined President Wilson's offer to appoint him ambassador to France.

Marion Capps, a Fort Smith (Ark.) miner and former minister, has been found guilty of burning three of his five children to death, and sentenced to be hanged.

Princeton university has received a bequest valued at nearly \$3,000,000, under the will of Ferris S. Thompson, a member of the class of 1888, who died in Paris on Feb. 18.

John Mitchell, vice president of the American Federation of Labor, is said to be slated for appointment to the office of state labor commissioner of New York.

Frank M. Bunnch, former president of the Chicago board of trade, has been ordered expelled by the board of directors, following a long trial in which he was found guilty of "bucketing."

You Can Take Defective Material and Build a Buggy

Then you can take putty and paint and by properly applying these two articles change the appearance of this defective vehicle so it will deceive even the shrewdest of vehicle buyers. We have found out by experience that there is only one test that never fails to expose defective material and unskilled workmanship. Manufacturers have told us that their vehicles were built of a certain kind of material and by men who understood how to build buggies and in the wind-up we found they had misrepresented the matter to us. We are going to protect the interests of our customers and sell them exactly what we tell them we are selling them, and have adopted the plan illustrated below to determine for ourselves what each vehicle we sell is made of. A vehicle that will stand a test of this kind must be built of material that has no flaws and by men who have had experience enough to know where to re-enforce each part of the vehicle in order to give strength and make it wear.

It is your duty to find out what is under the paint of every vehicle you buy and if you buy it of us you can certainly have that privilege. We want you to come to our opening on MARCH 14th and 15th, and let us show you buggies that are built to give road service by men who know how to build them.

MRS. Wm. ARCHER

Tells Mothers What to do For Delicate Children.

"My fourteen year old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nervous and did not sleep well, had very little appetite and doctors did not help her. Having heard so much about Vinol, I decided to give it a trial. It has helped her wonderfully. She can sleep all night now without coughing once, in fact her cough is gone. Her appetite is greatly improved and she has gained in weight. Vinol is a wonderful medicine and I will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm. Archer, Long Branch, N. J.

This delicious cod liver and iron preparation without oil is a wonderful body builder and strength creator for both young and old. We promise to give back your money in every case where Vinol does not benefit. This shows our faith in Vinol. F. B. Johnson and Company, druggists, Rushville, Ind. P. S. NEW TAX LEVY WAS REQUIRED

To Provide for Coming Needs of the State.

APPROPRIATIONS BILLS SIGNED

These Call For an Expenditure of Nearly \$9,000,000, Which Is About \$300,000 More Than Old Tax Levy Would Raise For the State's Needs, Hence Legislature Gave People Increased Levy to Make Up Difference.

Indianapolis, March 14.—The regular appropriation bill of the 1913 session of the Indiana legislature became the law with the signature of Governor Ralston affixed yesterday, and \$7,094,000, in round numbers, was put at the disposal of the state of Indiana for the ensuing two years for general or regular purposes, the making of the statehouse pay roll, the maintenance of the state institutions and other expenditures for which provisions are made as a regular thing.

In addition to the regular appropriations carried in the bill just signed, are the specific appropriations of more than \$1,500,000, signed on Tuesday by the governor.

Combined, the two appropriation bills, according to a statement by Auditor of State W. H. O'Brien, call for some \$300,000 or \$350,000 more than the income of the state for the next two years, under the old tax levy. As the new increased tax levy was signed some days ago, providing for an addition to the state's income of something like \$2,500,000 for the next two years, most of the money to go to the benevolent and penal institutions and the three state schools, and as the legislature also enacted a law enabling the state board of finance to borrow money on short time to bridge gaps, the administration feels that fiscal arrangements have been made in a way to provide for all contingencies, including the salary increases and the many new salaries provided for this year under various laws.

In the regular appropriation bill there are many salary increases, and as a rule, the institutions are given the sums asked for. Where not provided for in the appropriation bill the institutions are cared for in the new tax levy increase law.

In addition to the regular appropriation bill the governor signed the bill requiring loan and safety deposit companies to carry at least 15 per cent of their deposits as a surplus and to make five reports a year to the auditor of state; the bill providing that unclaimed money found upon the body of a dead person shall go to the common school fund; the bill enabling the state board of registration and examination of nurses to pay its secretary more than \$500 a year; the bill for the killing of blackbirds in cities and towns; the bill to enable the city of Logansport to sell the old high school at an appraised valuation; the bill to enable voluntary associations to take possession of cemeteries, and the bill to regulate the speed of motor boats on the lakes and rivers of the state.

COURT GAVE HIM THE LIMIT

Evansville White Slaver Sentenced by Judge Anderson.

Indianapolis, March 14.—Judge Anderson in federal court sentenced Fred Measer of Evansville to serve five years in the federal prison at Leavenworth and to pay a fine of \$100, after he had been found guilty by a jury on an indictment charging a violation of the Mann white slave act.

Judge Anderson said he was sorry he could not sentence Measer on both counts in the indictment, and he indicated that if he could he would give him the limit. However, he said that both counts charged the same offense, and that he would give Measer the limit on one. This is the first conviction ever obtained in the Indianapolis federal court for violation of the Mann act.

Measer and Frank Aust, both of Evansville, were indicted by the federal grand jury for transporting two girls from Evansville to Danville, Ill., for immoral purposes. Aust is seriously sick in the Marion county jail, and it was impossible to try his case.

Two Aged Men Drowned.

Indianapolis, March 14.—Bodies of two men, one identified as Nat Minor, aged sixty-seven, and the other thought to be that of Joseph Nelson, seventy-seven years old, who disappeared Dec. 27, were found floating on the surface of the canal. They were discovered several squares apart. No marks indicating assaults were on either.

Two Boys and a Gun.

Evansville, Ind., March 14.—Lester Downing, aged eight, shot and fatally wounded George Rippleleier, aged six, while at play. The boys stole a small revolver from Downing's father. The bullet is lodged in the younger boy's spinal column. Doctors say he cannot live.

Allen Von Behren's Trial Set.

Evansville, Ind., March 14.—The date for the trial of Allen Von Behren, aged twenty-three, on a charge of shooting to death three negroes in his father's factory, has been sent for April 7. Von Behren is now in jail.

SULZER MEASURES MAKING PROGRESS

New York Legislature Going After Stock Exchange.

Albany, N. Y., March 14.—Five of the bills in the state senate favored by Governor Sulzer affecting principally the New York exchange, have been reported favorably and referred to the committee of the whole. The bills are:

- The anti-bucket-shop bill.
- Making it a felony to manipulate the price of stock.
- Making it a felony for brokers to transact business after insolvency.
- Making it a felony to publish false statements regarding the securities or financial condition of a corporation.
- Similar bills reported favorably in the assembly are:
- Providing for the organization and regulation of exchange corporations through incorporation.
- Prohibiting the New York stock exchange from preventing its members doing business with members of the Consolidated exchange.
- Making it a felony to publish fictitious transactions in securities.
- Prohibiting brokers from trading against customers' orders.
- Penalizing brokers for doing business after insolvency.
- Making it a felony to publish false statements regarding the securities or condition of a financial corporation.
- Making it a felony to manipulate the price of securities.

THE BOYS SOON GOT ENOUGH

Dock Hand Allies of Suffragettes Quell a Student Demonstration.

London, March 14.—There was another suffragette row at Glasgow last evening in which the women, by using strategy, came out ahead. Mrs. Emmeline Pankhurst addressed a meeting there. The university students immediately started a disturbance. The suffragettes foresaw that a row was coming and called in a body of 300 male sympathizers, including dock laborers, carters and similar hard-fisted men. The result was that there was a small riot. Fifty of the students were ejected in a hurry and the rest, most of them with discolored features and torn clothes, kept quiet during the rest of the evening.

Starting a New Capital City.

Sydney, N. S. W., March 14.—The future capital of the commonwealth of Australia has been named Canberra, after the name of the district in New South Wales in which it is situated. The foundation stone of the capital was laid yesterday by Baron Denman, the governor general of the commonwealth. When Lady Denman, the wife of the governor general, announced the name there was tremendous cheering, as there has been much controversy over the matter.

LAMB FACTION WINS CONTEST

Bitter Battle Wages In Terre Haute Primaries.

STRUGGLE IS NOT YET OVER

Defeated Factionists for Control of the Democratic Organization at "The Hut" Not Only Threaten to Make an Appeal to the State Committee, but the Prosecutor Has Given Out Hints of Wholesale Indictments.

Terre Haute, Ind., March 14.—The bitter fight in the Democratic ranks between the Lamb and Fairbanks factions of the party was the chief interest in the primaries for the reorganization of the various political committees for the conduct of the 1913 municipal campaign.

The Lamb faction was in charge of the party machinery and the Fairbanks faction, lined up behind the candidacy of Donn Roberts for the Democratic mayoralty nomination, was whipped "to a frazzle."

The forces in opposition to Roberts declare they have elected thirty-five of the fifty-five precinct committeemen, which means that Richard A. Werneke, prosecuting attorney, representing Roberts, will not be chosen city chairman when the new committee meets for reorganization.

The Roberts supporters are threatening to make an appeal to the Democratic state committee and are promising wholesale indictments. The prosecutor declared before the polls opened that he would punish every infraction of the primary law during the progress of the primary if he had to devote his whole term of office to this kind of work.

The primary was the most farcical ever held in this city, where farcical primaries are the rule. There were a number of fights in the Sixth, the underworld ward. No arrests were made.

The Roberts faction obtained official ballot boxes from the county commissioners, but the inspectors, members of the opposing faction, refused to use them. Money and beer flowed like water. Repeaters rushed here and there from one precinct to another. No questions were asked voters who presented themselves at the polling places. The polls were closed whenever the inspectors took a notion.

TEDDY GOT USUAL CROWD

Roosevelt Mass Meeting in Philadelphia a Monster Affair.

Philadelphia, March 14.—A crowd which completely filled the Metropolitan opera house and blocked all streets in the vicinity when the doors were closed by the police, greeted Theodore Roosevelt last night at the Progressive rally. Incidentally \$11,931.97 was contributed for the campaign fund.

One of the features of the immense rally was the appearance of thousands of suffragettes, and as the colonel plunged into his speech he took occasion to say: "The word men during my address is used in a strictly non-partisan sense."

The plea for funds savored strongly of the old-fashioned Methodist camp-meetings, when sinners were exhorted to come to the bench and be saved. Almost one hundred of the prettiest suffragettes obtainable acted as the collectors.

AMNESTY BILL WAS VETOED

President Gomez Takes a Hint From His Uncle Samuel.

Havana, March 14.—President Gomez has vetoed the general amnesty bill, to which the American government had made strenuous objections. In doing so he suggested that the congress immediately pass a bill granting amnesty only to negro rebels and said that this would be without prejudice to the preparation of another amnesty measure which would include others. The radical newspapers declare that congress will pass the amnesty measure over the president's veto, but this is mere talk.

She May Appeal to Court.

New York, March 14.—Mrs. Catherine C. Edgell, the high school teacher whose application for a year's leave of absence for the purpose of becoming a mother was denied by the board of education, may take her case to the courts if the board attempts to dismiss her for taking the leave of absence without permission.

Court Was Sorely Puzzled.

New York, March 14.—With each party to the marriage charging absolute frigidity of demeanor after the ceremony which made them man and wife, Justice Fitzpatrick found himself sorely puzzled during the trial of the suit for annulment brought by Prof. Edward Newton Reser against his wife, Frances Cook Reser.

Destructive Cyclone in Tennessee.

Nashville, Tenn., March 14.—A cyclone swept middle Tennessee, destroying a number of homes and claiming several lives. The force of the wind was so great that an entire passenger train was blown from a railroad track.

Suppressing News.

There are many newspapers dishonest to themselves and their readers which make a general practice of suppressing news, but the ones favored are generally those influential enough to "have a pull." The honest newspaper does not make a practice of suppressing news, for the news, and all the news, is the excuse for its existence. In meritorious cases which justice demands the suppression rather than the publication of news, the honest newspaper is quick to extend the hand of charity, but, unlike the dishonest newspaper, it does so impartially, be the unfortunate caught in the tentacles of publicity rich or poor.

But the newspaper public is a fickle one, and how often is it the case that one who has been spared the terrible blow of public exposure turns on the paper which has protected him and roundly censures it for shielding another as deserving as himself.

Speaking recently at Notre Dame university on the subject of suppressing news, James Keeley, managing editor of the Chicago Tribune, said:

"I have little sympathy with the myopic individuals who believe or rather say that if nothing was printed about crime, crime would soon cease or decrease. They are wrong. Publicity is the greatest deterrent of crime, and many a man has been held from breaking the law, not because he dreaded the punishment the law would mete out to him, but because he feared the publicity that would result from his wrongdoing. The punishment of public opinion is often more potent and dreadful than that imposed by judge or jury.

"It is a difficult position in which to be placed, to know that broken hearts must follow the publication of a piece of news, but the editor's larger duty is to the community. As a general can not make war without making widows and orphans, so an editor can not do his whole duty without causing tears to flow.

"I believe suppression of news is more of a wrong than the printing of a piece of news that possibly might better not have been written. By improper suppression a newspaper sells its soul and betrays its readers, which, to my mind, is the highest treason of journalism.

"Honesty of purpose, and the determination to carry that purpose into effect is the backbone of a newspaper's reputation. The decent newspaper wants to print the truth. There is nothing to be gained by telling a lie. A lie is a business boomerang. A newspaper's reputation for reliability is its stock for trade. Inaccuracy is the cardinal sin."

Undoubtedly the city park could be improved wonderfully with the addition of a few flower beds. The local chapter of the Daughters of the American Revolution showed the way last year when they set out a large number of young trees in the city park to add to the beauty of the plot of ground. A flower bed here and there, and some artistic shrubbery, would turn a near wilderness into a beautiful place. The Social Service and Civic Improvement Association of Rushville has served notice on the public that it intends to attempt to equip the park with apparatus for a public playground this summer. The improvement of the park is a thing that should be much desired by the people of Rushville. Hearty support should be lent any person or organization that proposes to make the city park a desirable place. Of course, the first step would be the removal of the city stone pile over on the southwest corner.

ENUMERATION TO BEGIN SHORTLY

County Auditor A. R. Holden Receives Supplies in Preparation For Task of Every Six Years.

TRUSTEES DO ALL THE WORK

Count is For Congressional Purposes and State Auditor Must Make Report.

County Auditor A. R. Holden has received from L. G. Ellingham, state secretary, blanks and other materials to be used in the compilation of the congressional enumeration, which work will be begun within the next few days. This enumeration is in accordance with an act passed by the state legislature December 21, 1865, which provided, that beginning in 1866, an enumeration should be taken every six years of the white male inhabitants of the state over twenty-nine years of age. This report must be made between January 1 and July 1.

The township trustees are in charge of the work. The trustees may either do the work themselves, or appoint one or more deputies, who will be paid by the county. The trustees' reports are turned in to the auditor, who is required to make his report to the state auditor before September 1. The state auditor is required to make a tabular report, showing the number of white males over twenty-one years old in the various townships and counties and this report is submitted to the general assembly of Indiana. Three hundred maps, with the number reported in each township and county printed upon them, will be prepared for the members of the legislature, and distributed in the proportion of one hundred for the senate and two hundred for the house.

The penalties for failure to obey the instructions of this act are severe, as is shown by the following sections from it:

Sec. 16. If any officer or person who is required by the provision of this act, to verify any statement or return by his oath or affidavit, shall wilfully and corruptly suppress the truth or make any false statement in such statement or return, he shall be deemed guilty of perjury and upon conviction thereof shall suffer the penalty prescribed by law for that offense.

Sec. 17. If any officer or person charged with the performance of any duty by the provisions of this act, shall fail to perform it within the time prescribed by this act, such officer shall thereby be deemed to be guilty of official negligence and shall, for every such offense, forfeit and pay not less than fifty nor more than five hundred dollars, to which may be added imprisonment in the county jail not exceeding thirty days.

Sec. 18.—If any officer or person charged with the performance of any duty under the provisions of this act, shall be guilty of any fraudulent act or omission in relation to such duty, such officer shall be deemed guilty of an official fraud, and for every such offense shall forfeit and pay not less than one hundred nor more than one thousand dollars, to which may be added imprisonment in the county jail of the proper county, not exceeding six months.

AGED WOMAN DIES OF TUBERCULOSIS

Mrs. Martin Stevens, Age 71, Expires at Home Southeast of Orange Today.

TWO CHILDREN SURVIVORS

Mrs. Martin Stevens, age seventy-one years, died at her home a mile and a half southeast of Orange this morning of tuberculosis after a long illness. Mrs. Stevens has lived in the Orange community all of her life. She was born and reared over in the edge of Fayette county, and after her marriage moved to the farm on which she died. Mrs. Stevens has been a member of the Salt Creek Baptist church since early in life.

The deceased is survived by her husband and two children, Mrs. Lora Mitchell and Chester Stevens, both living near Orange. The funeral services will be held at the Salt Creek Baptist church Sunday morning at eleven o'clock. Interment will be made in the church cemetery.

What Our Neighbors Are Talking About

Taft's Growing Fame.

(New York Times.)

The popular judgment of Mr. Taft grew more and more favorable as his administration drew toward its close, and the whole world's opinion of him has been raised by his steadiness and courage and wisdom in the crisis arising from the troubles in Mexico at the very end of his term. Moreover, the heart of the public has been warmed to him by the calmness, the philosophy, and the good humor with which he accepted defeat. There was no resentment, no bitterness, no complaining, and his public utterances since the election of his successor have raised him in the popular esteem. He will come to his own, to his just measure of repute and fame as a president who has shown an intelligent understanding of what the institutions of his country are, what they mean, in what aspirations they originated; a president who has not been willing to cast aside all or anything sound in what the genius of the fathers has given; who has shown entire fidelity to the constitution of his country and a competent knowledge of his countrymen. And he may have the comfortable assurance that as the memory of the rude conflicts of passion in which it was his fate to engage grows dim, he will hold a higher and always higher place in the esteem of Americans.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers.

SUMMER TOURIST RATES THE SAME

Central Passenger Association Decides, However, To Charge all Conventions.

MAY STOP ONE OLD FEATURE

Representatives of railroads affiliated with the Central Passenger Association, in the monthly meeting of the association in Chicago yesterday, decided to enforce the standard rate of 2 cents a mile in each direction for all convention held in cities within the territory covered by the association, with the exception that advantage may be taken of the summer tourists' fares wherever they apply. Applications for reduced fares to a large number of conventions were disposed of under this rule. Summer tourist fares will be offered to various points during the coming season.

No action was taken by the association relative to the moving of private cars, but some action is anticipated at next month's meeting. Action also was deferred on the question of eliminating advertising in baseball score cards, baseball bulletins and the fences of baseball parks.

MAY LEVY A LIBRARY TAX

Attorney General Defines Power of Township Advisory Board.

In answer to questions propounded by Carl H. Milam, secretary of the public library commission, Attorney-General Honan has given an opinion to the effect that a township advisory board may levy a tax for library purposes without the filing of a petition by residents. Where freehold residents file a petition for such a tax levy, as provided by law, and the levy is made, the advisory board, he says, has no power to abolish the levy. This can only be done in such a case by legal process or statutory enactment. But if the board levies the tax voluntarily and without petition it may abolish the levy at any time.

DIES TWO WEEKS AFTER OPERATION

Mrs. E. D. Lewis, Age 56, of Carthage, Expires in Indianapolis Hospital Thursday.

FUNERAL TO BE HELD SUNDAY

Mrs. E. D. Lewis, age fifty-six years, of Carthage, died at the St. Vincent's hospital in Indianapolis yesterday following a long illness with gall stones. She underwent an operation for the disease two weeks ago, and up until a few days ago relatives were given every assurance that she was on the road to recovery. However, unforeseen complications arose and caused her death.

Mrs. Lewis is survived by her husband, three daughters and a son. The daughters are: Mrs. Claude Henley of near Carthage, Mrs. Fred Stevens of Mays and Miss Evaline Lewis of Carthage, Clyde Lewis, the son, lives in Morristown.

The funeral will be held at the Carthage Methodist church, of which she was a member, Sunday afternoon at two o'clock. Burial will take place in Walnut Ridge cemetery west of Carthage.

CARTHAGE IS OUT FOR CHAMPIONSHIP

High School Quintet Plays First Game in Tournament With Rochester This Afternoon.

AN ELIMINATION CONTEST

The showing that the Carthage high school basketball team makes in the game with the Rochester high school quintet in the tournament which began at Bloomington today will determine whether the Ripley township lads are to remain in the running. The rules of the event are that when a five is defeated, it is entirely eliminated. If Carthage wins from Rochester, it will continue, and if it never meets defeat, will be the state champion. The Carthage team went to Bloomington yesterday.

The game with the Westport high school bunch at Carthage Wednesday night only served to whet the appetite of the Carthage five for blood. They overwhelmed the Decatur county boys 44 to 19 with ease. The Westport quintet plays the Milroy high school at Milroy tonight. The girls' teams of the two schools will play a curtain-raiser.

Amusements

The Princess offers the usual two reels tonight. The first is a Pathe drama, "The Doctor's Blind Child." A feature of this picture is an exciting fire scene. The other picture is a Selig comedy "A Curious Family."

The Palace will show a two-reel Broncho feature "The Man They Scorned," tonight. It is said to be a dramatic picture telling an interesting story. Clarence Eward will sing "If I Had a Thousand Lives to Live."

C. H. & D. WRECK VICTIM GETS \$3,000

Fred Emberton, Fireman in Irvington Crash, is First to be Given Award.

MINIATURE TRAIN IS USED

Fred Emberton, a fireman on the freight train that was hit by a passenger train at Irvington last November, when several persons lost their lives, obtained a verdict for \$3,000 damages from a jury in an Indianapolis court, room 4, Thursday against the C. H. & D. railroad. Emberton alleged in his complaint that he sustained severe injuries as a result of the wreck, blaming the company for neglecting to close the switch and failing to place proper lights. He asked \$10,000.

The award is the first one growing out of the Irvington wreck. The jury was out about three hours. A miniature engine and train, a switch and a main track were used in court to illustrate to the jury just how the collision occurred.

NINTH ANNUAL SEED DAY

Friday and Saturday, March 14th and 15th

we take pleasure in announcing our Ninth Annual Seed Day, and this year we have spared no expense in securing the costliest and prettiest Sweet Pea Seeds in the United States. There are 34 different kinds, blended together in such quantities as to produce the best color effect. Among the varieties of seeds are such as:

AURORA, striped orange and white;
BLANCHE FERRY, pink and white;
DOROTHY ECKFORD, pure white;
FLORA NORTON, bright blue;

HON. MRS. E. KENYON, primrose;
JEANNIE GORDON, rose and cream;
KING EDWARD VII, crimson scarlet;

LADY GRISEL HAMILTON, pale lavender;
LOVELY, soft pink;
LORD NELSON, navy blue;
MISS WILMOTT, orange pink;
PRIMA DONNA, pure pink;
PRINCE OF WALES, rich rose;
QUEEN OF SPAIN, chamois pink.

Let 1913 be a banner year in making Rush County "The County Beautiful." Every lady who calls at our store on the above mentioned dates, will receive a package of these Sweet Pea Seeds without asking for them. Be sure and get your package as we would like to see Sweet Peas growing around every home in Rush County.

Finest of Candies, too, are Made with Knox Gelatine

Not only dainty desserts and candies, but all kinds of delicious confections are made easily and economically with Knox Gelatine. The older folks, as well as the children, will appreciate these candies—make today a liberal quantity of

Knox French Dainties

1 box Knox Acidulated Gelatine.
1½ cups boiling water. 1 cup cold water.
4 cups granulated sugar.

Soak gelatine in the cold water 5 minutes. Add boiling water. When dissolved add sugar and boil 25 minutes. Divide into two equal parts. When somewhat cooled add to 1 part, ½ teaspoonful pure fruit acid dissolved in 1 tablespoonful water and 1 tablespoonful lemon extract. To other part, add 1 tablespoonful lemony, ½ teaspoonful extract of cloves and color with pink color. Pour into shallow tins that have been dipped in cold water. Let stand until quite firm. Cut into squares with a knife dipped in hot water. Roll in granulated sugar and let stand until crystallized. Vary by using different flavors and colors.

Two Packages—Plain and Acidulated.

Both Making Two Quarts (½ gallon) of Jelly. With the Plain Sparkling, lemons are used for flavoring; but with the Acidulated package comes an envelope of concentrated lemon juice—a great convenience when too busy to squeeze lemons. Both contain a tablet for coloring.

Let us send you the Knox Recipe Book and enough Gelatine to make one pint

—enough to try most any one of our desserts, puddings, salads, jellies, ice creams, sherbets, candies, etc.

Recipe book free for your grace's name—pint sample for 10 stamp.

Beautiful Showing of Fancy Dress Goods

A Pleasure to Show Them to You

A magnificent and unmatched showing of new dress materials, embracing the choicest weaves, most beautiful coloring and exquisite designs created this season.

While a great deal has been said about silk fabrics for spring, whatever uncertainty there may be about other sorts, the general trend seems to be toward soft weaves and crepe effects. The new weaves are astonishingly soft and are particularly attractive.

Prices range from 50c to \$2.50 per yard.

LOCAL FAST HORSES BRING TOP PRICE

Jimmy Swi And Peter Sims, Property
of O. E. Hume, Sell For \$4,225
at Lackey Sale.

ONE GOES TO ST. PETERSBURG

O. E. Hume's two fast horses pulled down the biggest prices which have been paid thus far in the Lackey horse sale at Cambridge City. The two animals, which are coming four-year-old, brought the combined sum of \$4,225. Jimmy Swi, a brown gelding, was purchased by A. Muscevitich for \$1,975 and will be shipped to St. Petersburg, Russia. Peter Sims, a bay gelding, was sold to Abe Johnson of Brockton, Mass., for \$2,250. Both horses were in Mart Wilson's stable last season. They were green horses and been miles around 2:10.

John Dagler paid \$1,500 for Billy Betts, Frank Lindsay bought Willy, a by filly, from George B. Dougan of Reidston stock farm for \$600. Harrie Jones bought Katherine R., a mare which has been in his stable two seasons for \$525. Ruth Randal, the mare which has been campaigned by John Dagler of the Reidston farm and which was raised by W. M. Dagler, was sold for \$995. The mare brought a much better price than that at the sale last year, but Dougan could not bear to part with her and brought her in at \$300 more than the sum he paid in the sale.

GAME WON BY SPECIALS

Defeated Ragtime Wonders by Score
of 33 to 5.

In a fast and interesting game of basketball last night played in the Catholic church hall, the Rushville Specials defeated the Ragtime Wonders 33 to 5. The Corner Store

Our exhibit of spring styles is important to the woman who wants to know what to wear, but it is of even greater importance to the woman who wants to know what to pay.

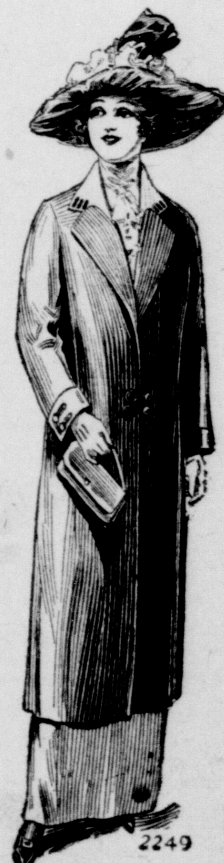

We have been as careful in our values as in our styles. We know that neither can be beaten, and we doubt if you can see their equals anywhere else.

This is especially true of the glorious styles and colors shown in our Wooltex coats, suits and skirts.

The woman who buys a Wooltex coat or suit gets a combination of style and

Wooltex prices are no more value impossible to duplicate, nothing better can be made—tailors don't know how to improve Wooltex workmanship. Fabrics are all pure wool, styles distinctive and pleasing, wear guaranteed for at least two seasons, and, with all this, than than those asked for the ordinary run of tailor-made garments.

We recommend this showing to the immediate attention of every woman interested in good style at moderate cost.
